Offg: *Excise Commissioner in Mysore.*

To

C. S. Balasundram Iyer, Esq., B.A.

Offg: *Secretary to the Government of*
His Highness the Maharaja of Mysore,
General and Revenue Departments.

SIR,

In continuation of this office letter No. 5553, dated reporting the result of the growth of Ganja at Dodkurgod and request -ing the sanction of Government to utilise the establishment sanc--tioned for purposes of date plantations, I have the honor to forward copies of Mr. Sparkes' D. O. letter to Major Grey, dated the 21st September 1910 and Mr. Warburton's D. O. letter to me dated the 2nd May 1911. As there was no copy of Mr. Sparkes' letter in the - - office, one was obtained from the Residency. It will be seen that Mr. Sparkes intended to advise Government to stop the cultivation of Ganja in Mysore. It is not clear whether he intended to recommend that step only in regard to the Ganja that we have been growing - - Departmentally or in regard also to the Ganja grown by the people under licenses.

2. We have arranged now to get our supply from Duggapad and Padavedu, the Government of India having kindly allowed us to buy it duty free from any of their Stores.

3. Having had no opportunity of studying this question of the local cultivation of the stuff I am not in a position to - - recommend that the cultivation be definitely stopped for all time.

I have the honor to be,
Sir,
Your most obedient servant,

Offg: Excise Commissioner.

Copy of D. O. letter Dated the 21st September 1910, from H. H. Sparkes, Esquire, Excise Commissioner in Mysore to Major Grey, I.A., First Assistant to the Hon'ble the Resident in Mysore.

Thanks for your letter re the Ganja cultivation in Mysore, and as the Government of India have recently passed orders that Mysore should be allowed to import Ganja free in future, I shall certainly advise Government not to grow it in Mysore in future, as, if we can buy it in the open market, it will save us a lot of trouble and we shall probably be able to get better Ganja. We are growing a certai 4 quantity in Mysore this year and which we must harvest about Xmas, but after that I shall recommend Government to buy in the open - - market whenever available. I may mention that I started this cul--tivation prior to receiving copy of Government of India orders, as I had reason to believe that we should not be allowed to obtain Ganja duty free outside Mysore.

Offg: Excise Commissioner in Mysore.

To

The Deputy Commissioner,
Kolar District.

Sir,

Referring to correspondence ending with this office docket No. 5657, dated the 9th January 1911, I have the honor to state that it seems desirable to let the cultivation of Ganja have another chance and see what an improved method of super--vision could bring about. The inferior outturn was contributed to in some measure by heavy rains. The soil of the locality round about Dodkurugod is similar to that of Duggapad where very good Ganja is raised. The plant wants a forcing manure which I expect can be commanded near Goribidnur where the ryots keep large herds of sheep and goats.

2. The ryots showed a willingness to reserve a portion of their lands for this purpose when they were paid for their crop last year. I, therefore, request that you will cause en--quiries to be made at once if they can undertake to grow any Ganja this year.

3. As the sowing will have to be started early next month I request the favour of your furnishing me with very early inform--tion in the matter.

I have etc.,
